As you can only select one product when filling in the details for each transaction, select the product accounting for the highest value amongst the products in that one transaction if the invoice/receipt consists of multiple PSPM products. For example, if the total sales stated in the invoice is \$25,000 which consists of 1 loose diamond (\$8,000), 1 loose sapphire (\$7,000) and 1 gold bar (\$10,000), you can select "Gold Bullion (e.g. pure gold in the form of bars, ingots, or plates)" as the <PSPM Product> and indicate the <Transaction Value (in S\$)> as \$25,000.

As you can only select one payment mode when filling in the details for each transaction, select the payment mode accounting for the highest value in that one transaction if the invoice/receipt consists of multiple payment modes. For example, if the sales stated in the invoice is \$25,000 and paid in cash (\$15,000) and credit card (\$10,000), you can select "Cash" as the <Payment Mode>.

If you have not commenced business/have no transactions for the past 6 months, you will not be required to fill in this section.

Please provide the details of the 5 highest valued transactions over the past 6 months.

Yes No

- Enter information on the designated transaction(s) by <Country/Region> if you selected <Yes> for previous option.

<Number of Transaction(s)> refers to the total number of designated transaction(s). For example, if a customer purchased two PSPM products and each cost S\$15,000 with two receipts issued on the same day, you would consider this as one designated transaction instead of two transactions. This is different from the <Number of Transaction(s)> in Section 3 which refers to the total number of invoices/receipts issued to the customers.

Filing this section does not mean you have filed your Cash Transaction Reports ("CTRs") and Suspicious Transaction Reports ("STRs"). You are still required to file all your CTRs and STRs via SONAR.
